Forma

Proudly designed and handmade in New Zealand, Forma integrates European influences with the Kiwi lifestyle, resulting in a diverse collection that reflects your self-expression, creating an environment where you can work, relax and entertain in comfort and style.

All of Forma's upholstered furniture is manufactured at their Auckland factory, giving them the ability to alter their designs or custom-make pieces for your project. You can upholster Forma furniture in any fabric or leather of your choice. This gives you the freedom to customise the look and get the right fit for your space.

51-53 The Strand, Parnell
