**REAL ESTATE LTD**  
LICENSED R.E.A.A. (2008)

# Traditional Values In Today's Market

One of the charming things about Parnell is the way it successfully blends the tradition of Auckland's early years with the commercial realities of the 21st century. It reminds us that real success is not a question of constantly abandoning our past, but of bringing its best along with us as we embrace our future.

There's a lot to be said for old-fashioned values. There's also a lot to be said for a vision of tomorrow. For our clients, it means a set of values they can rely on — a solid history, a strong client focus, individually tailored strategies. For us, it means continued growth and success.

## A FINE HISTORY

Parnell Real Estate Limited Licensed Real Estate Agent (2008) was originally established 52 years ago as Burrett & Veitch, and is the suburb's longest-serving real estate agency. While we specialise in Parnell, today business spreads well beyond, incorporating the major suburbs of Auckland, including: Newmarket, Remuera, Epsom and the Eastern suburbs, and out west to Ponsonby, Grey Lynn, Henderson, then south to Penrose, Onehunga, Mangere Airport Area, and Otahuhu.

We also operate at all levels, handling sales and leases from small individual needs to multi-million dollar transactions. Cyril Dominikovich, principal of Parnell Real Estate Ltd, brings to the consultancy some 35 years of real estate experience.

## SERVICES

Parnell Real Estate delivers high quality partnership-based consultancy in:

- Industrial commercial and residential listings
- Property management and rentals listings

This agency has lived that truth throughout its five decades in Auckland's real estate arena. It thrives today as it moves forward with changing times, and in a changing market it never loses sight of where it came from and what that means.
