The Elephant House

Down a little alley in Parnell Village is a hidden gem for shoppers seeking all things made in New Zealand. The Elephant House is a large, two-story store offering an extraordinary range of unique homeware, art, jewellery and design made by NZers from every corner of the country. Look for the Elephant House sign at the top of the alley and follow the elephant footprints to what is certainly one of Auckland's most delightful treasure troves for shopping made in New Zealand.
