

Auckland Alcohol Ban Review

Submission from Parnell Inc. (Parnell Business Association)

Attention Waitemata Local Board

Thank you for your letter requesting feedback from local stakeholders. I have not completed the form attached as I do not have to hand specific evidence of dates and times.

Your letter referred the following parks and reserves and the consensus of opinion is that the night-time alcohol ban in these areas should remain

- Awatea Reserve
- Ayr Reserve
- Elam Street walkway
- Freda Kirkwood Walkway
- Hobson Bay Esplanade Reserve
- Gladstone Park (including associated car park)
- Alberon Reserve
- Point Resolution
- Scarborough Reserve
- Takutai Reserve

In addition the Parnell Community Committee have identified the following additions to be considered.

- Fred Ambler Lookout /carpark
- Judges Bay Rd - parking for Judges Bay Beach as access ROW to Parnell Baths
- Logan St walkway
- Rose Gardens/Dove Myer Robinson lookout
- Ngahere Steps and walkway to Domain
- Fraser Park

Possibly the most obvious from the Parnell Business Association is **Fraser Park**, as it is very close to the state apartments in Cracroft Street, from which numerous negative activities emanate.

I would also like to add the area around **the Parnell Station** to be assessed once it is complete.
